

4-12 Governor —

Eugene Register Guard just called (11:00 am). Apparently Alexander Grant Co has just released their annual report which ranks Oregon as 47th in the nation in desirability. (Remember, this is the company that ranked us as 43rd last year — using erroneous factors for such things as workers comp, etc.

We refused to comment because we have not seen the report & were totally unaware of A.G.'s findings.
