DEAR RUTH ~~~~~

THANK YOU SO MUCH FOR THE INFO ON EDWARD BAKER. IT TELLS A LOT ABOUT HIM & HIS FAMILY BUT NO HINT ON WHY HE WOULD BUY SUCH A TOP OF THE LINE RIFLE & AT SUCH A HIGH PRICE (FOR THEN).

I TRULY APPRECIATE WHAT YOU HAVE DONE. HAVE A GREAT 2008!

I just looked at the top of the enclosed cover of our Oregon Public Broadcast member guide and see this letter is *one year* waiting to be written!!!

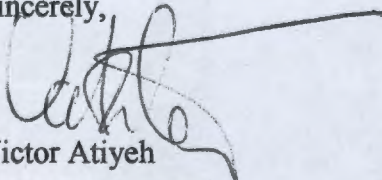

Well, that is a bad start for my request of you. I have been a gun collector for the major part of my life and I was greatly taken with the photo on the cover of the enclosed OPB issue. Is it possible for me to get a copy of that photograph? Of course, I expect and am willing to pay for it.

In addition to my hobby, I am a great fan of historical societies. Besides being a member of our Oregon Historical Society for many years as well as the Evergreen Air museum (the home of the now famous Howard Hughes "Spruce Goose") I have been a Board Member of the Warm Springs Museum (Confederate Tribes of Warm Springs reservation).

I look forward to your response----which hopefully will not be so long in the waiting as has been this letter.

My best to you all.

Sincerely,

Victor Atiyeh
