

Albany Ore July 28 1905-

Dear Mama

Yours of the 26th just at hand this morning, and we are very much pleased to learn you got along so well. I know you will find many old friends and make many more.

I think I'll go to town this afternoon after a load of manure and go by Ellen so as to give her your letter. Defford came home last night did not get to run Everetts bundle wagon as he felt able to go himself later in the day. We and Glenn are putting in wood this morning. Should the weather get too cool for your comfort-

I think you had better go in
with Mrs Howard,

As far as health is concerned
sleeping in a tent will no doubt
do you the most good.

It is cloudy here this morning
and of course cloudy or foggy
over there.

Pa was enough better so that he
went up town yesterday forenoon.

"All things come to him that waits"

Mrs Starr no doubt-would feel
much more important-because
Williamson was her brother.

And she must not only feel
humiliated at Williamson's trial
but-still further because Ernest
is being hunted for as a witness.

"Vengeance is mine I will repay"
saith the Lord.

Some how I feel quite sure
that two or three weeks

stay over there will work
a great change for the better for
you, under the Lord's good
providence.

I suppose Vernal is searching
gold over the "Moon mad sea".
She ought to find some water-
agates.

How did Vernal like my
write up of Peterson's Butte in
the Democrat of the 25th?

Nutting told me he sent the
Democrat to you. I also get-

It. If you would like any other
papers we are taking let me know.
Don't worry about us.

May our Heavenly Father care for us all
and give us still more cause for rejoicing.
With love and kisses for you both
Covingly Yours Papa
