

Many Ore Mar 14 1954
Dear Mama

I didnt write last evening
as I was not in the mood for writing
We (Boys & I) drove over to Ellen's
yesterday morning. Glenn stayed there
while Ellen helped and I went on
to Church. I & Ellen to Baptist
help to Long Church.

Many were asking Ellen & I as to
you. Mrs Davis sent her sympathies
and to tell you she had called here
several times but you were not at home.
She will try and see you before they leave
the sand about 1" of May.

We called at Pa's. Doc ate a hearty breakfast
but was indisposed more than common
during the day. We think perhaps to took
too much stimulant. Grand ma was
feeling better than for a long time.
Darned mae like herself.

Ia got a letter from Frank, speaks
of getting my letter. I wanto one to
answer it which I will do.

Attended Grange Saturday 22nd
there. Conferred 3rd & 4th degrees on
Mrs Mitchell Mrs Fred Parsons &
Byron. Mrs Shaw was the only one
who brought lunch. She set it out and
some ate and some did not. As
Ellen says those who never bring any
will find out something about it when
you and her are away.

Have was not there until afternoon
So at Richard request I acted as
Master. Richards showed the most
interest in enquiring after you.
Elsie's managed along in the PM
when I happened near the Sec desk
to ask about you. I don't understand
about Mr & Mrs Shaw, perhaps I just
imagine it, but I am inclined to
think he has said some thing.

that has made her jealous and so
neither have a word for you.

I think more and more for all he
is friendly, that he intends to give me
a stab every chance he gets and
his hand will be felt at the Stab
Gang. If so, all right.

Richards said to tell you he has
known persons of a very sympathetic
nature go into a hospital as
nurses and get seemingly hard hearted.
For you not to think it an unusual
thing from your experiences.

Donald went back to Foley this
morning. Clifford & Glenn to school
as usual. Bob is feeling just rate.

Glenn said to tell you he meant to
have written to you this time but
had to go to school.

I hope to have some word from
you this morning. If none comes

Will mail the letter here.
Judge Himin was buried yesterday.
Died Friday evening. Services at U.P.
Church. Was not handy for me to
go.

I may go to town this P.M. and if
any thing is heard of unusual interest
will write again.

You will likely get another letter
from Louisa. I told her how
grieved you were at not getting to
see you.

I will not draw that \$3000 until
last of the week. If I don't have to
go down to get you will send
check on a Salem Bank.

We all send love and kisses
and are glad you are coming home
so soon.

Loveingly Yours
Papa
