Subject: "Our future" & a plea for support

I am on the plane flying back from the joint NCAF/NACAA Board meeting, that was held this week in Nashville. (I hope you can read my handwriting.) I will get out a report in the next few days. The good news is we have forged a strong united front between NACAA & NCAF — & NACAA has quickly built the organizational capacity (under John Buckstead's leadership) to provide the support needed locally, regionally & nationally to help NCAF (& all of us) deliver on our National Strategy. It is definitely a time to "do or die".

Much will be asked of us — but it will be carefully & strategically selected. What I need from each of you is your support to respond to a request from David Bradley. On February 22nd he is attending a fundraiser ~~for~~ ^{for} Hatfield. He has reached the legal limits of what he, his wife & CAP PAC can donate to Hatfield. He must be able to walk in with a \$1,000 — preferably in small checks from us in Oregon. He asked if we could do it. I said yes because I know we can & we must. We cannot take Hatfield for granted. I need each of you to send me a \$50 check made out to Senator Hatfield by next Friday — Feb 17th. I plan to "package" it in a very nice way & see that David gets it. Many thanks to all of you —
