Pacific University in Oregon

---

## PLEASE NOTICE

---

The information in this bulletin is as accurate as was possible to obtain at the time of publication. The provisions are subject to change without notice and do not constitute a contract between any applicant for admission or student and Pacific University. The University is not responsible for any misunderstandings of its requirements or provisions that might arise as a result of errors in the preparation of this bulletin.

The University gives careful consideration to all available information about each applicant for admission and accepts those who are best qualified without regard to age, national origin, race, color, marital status, religion or sex.

It is the policy of Pacific University to ensure employment opportunity to all individuals in a positive program of non-discrimination in all areas of employment — recruiting, hiring, training, assignment, promotion, use of facilities and privileges without regard to age, mental or physical handicap, national origin, race, color, marital status, religion or sex and to assure that all qualified applicants will receive equal consideration.

University obligations under Title IX of the Educational Amendments Act prohibit discrimination on the basis of sex. Inquiries regarding Title IX can be referred to the University compliance officer or to the Director of the Office for Civil Rights, Department of Health, Education and Welfare, Washington DC 20201.

Pacific University does not discriminate on the basis of handicap in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for compliance with section 504 of the Rehabilitation Act of 1973, as amended, is Dr. Thorsten Berggren.

Due to the rapid fluctuation in the cost of food products, school supplies, materials and equipment, all prices quoted in this book are subject to change. In the event of any change, an official announcement will be given to students in advance of registration for any given semester.

## Pacific University in Oregon

**Our Viewbook is designed to give you a look at some of the programs and people at Pacific University. If you have any questions about Pacific, please feel free to write to the Office of Admissions. In addition, we encourage you to visit the campus. The postcard on the back cover is provided for your convenience in arranging an appointment.**

# The University

Pacific University of Oregon is one of the oldest institutions in the West. Founded in 1849, it was the first school west of the Rocky Mountains to award a baccalaureate degree.

The student who received that degree was establishing an illustrious tradition. His name was Harvey W. Scott, and he became the founding editor of Portland's leading newspaper, *The Oregonian*. Generations of graduates since that time have distinguished themselves — along with the University — through their service to the nation.

While Pacific takes great pride in its remarkable past, the focus at the

institution is on the future. The University aggressively searches for new ways of preparing students to fulfill the ever-changing needs of society. Pacific has become known for its career internships, the innovative academic calendar, student participation in university governance, and the exceptionally dedicated faculty. Pacific has also earned a reputation as a pioneer in building a diverse student body.

Pacific's mission today, as it was at its founding 129 years ago, is to help students prepare for life in an increasingly complex world.

# The Setting

The University is located on a 55-acre campus in the peaceful rural community of Forest Grove (population 12,000). The town is 25 miles west of Portland on the fringe of the state's major metropolitan area and at the base of the Oregon coastal range. The university enrolls slightly more than 1,000 students and enjoys a low student-faculty ratio. The combination of a small town and an unusually dedicated faculty results in a very personalized education both

in and outside the classroom.

The region has a fairly mild climate with distinct seasons: warm summers, moderate autumns, wet winters, and brisk springs. Forty inches of rain fall annually, and the area usually receives one or two light snowfalls.

The state of Oregon is well known for its spectacular scenery. Pacific students have easy access to both the dramatic coast and Mount Hood, whose peak is Portland's familiar

backdrop; in less than two hours from campus a student can be either beachcombing or skiing. Ample opportunities exist for camping and hiking close to campus, including trails in the 120-acre university arboretum. For additional entertainment and cultural activities students find it convenient to travel to the city of Portland, which is an hour bus ride away via the Portland Tri-Met mass transit system.

# Academic Programs

Pacific University seeks to educate students in order that they will gain a greater appreciation of the world around them, enrich their personal lives, and enhance their ability to serve society.

The University is composed of three colleges:

- **The College of Arts and Sciences**
- **The School of Music**
- **The College of Optometry**

Degrees are offered at the undergraduate and graduate levels as outlined in the chart below.

While some students come to Pa-

cific with a specific major in mind, many are undecided as to their course of study. Students are encouraged to explore different disciplines in their first years of study.

Students who have demonstrated the ability to perform superior academic work may be invited to join the University Scholars program. This honors program gives students more flexibility in designing their own course of study and independent work.

More information about these programs may be found in the University Bulletin, which is available from the Office of Admissions.

## DEGREES OFFERED AT PACIFIC UNIVERSITY

College of Arts and Sciences	School of Music	College of Optometry
<p><i>Undergraduate:</i> Bachelor of Arts Bachelor of Science Certificate of Physical Therapy</p>	<p><i>Undergraduate:</i> Bachelor of Music Bachelor of Music Education</p>	<p><i>Professional:</i> Doctor of Optometry Master of Science</p>
<p><i>Graduate:</i> Master of Arts in Teaching Master of Science in Teaching</p>		

# The College of Arts and Sciences

The College of Arts and Sciences is the largest school within the University. It seeks to offer students the broadest possible educational experience through its academic program and through opportunities for career internships.

The College is organized into four academic divisions:

1. **Division of Education**
2. **Division of Humanities**
3. **Division of Science and Mathematics**
4. **Division of Social Sciences**

Listed below are the available majors within each division:

1. **Division of Education**
  - Elementary Education
  - Physical Education
  - Physical Education and Health

Students who plan to teach at the **Secondary Education** level must complete one of the regular major programs offered by the University, usually in the field in which they plan to teach as well as some professional education courses.

Subject matter areas include: Art, Biology, French, German, Health, Integrated Science, Language Arts, Mathematics, Music, Physical Education, Reading, Social Studies, Spanish, Speech Education, and Speech Handicapped.

Two graduate degree programs, both in Education, are available through the College of Arts and Sciences:

- Master of Arts in Teaching in Foreign Languages, Language Arts, Art, or Speech
- Master of Science in Teaching in Mathematics, Physical

Education, Biology, Integrated Science, or Social Studies.

**2. Division of Humanities**

- Communications (Electronic Media or Print Media)
- Coordinated Studies — Humanities
- English
- Fine Arts (with emphasis on Dance Arts, Studio Arts, or Theatre Arts)
- French
- German
- Music
- Philosophy
- Religion
- Spanish
- Speech
- Speech Pathology
- Studio Arts
- Theatre Arts

**3. Division of Science and Mathematics**

- Applied Science (3-2 Engineering program)
- Biology
- Chemistry
- Coordinated Studies — Science
- Environmental Science
- Mathematics
- Medical Technology (3 years at Pacific and 1 year internship at an accredited professional program)
- Optics
- Physical Therapy
- Physics
- Therapeutic Recreation
- Visual Science

**4. Division of Social Sciences**

- Business and Economics
- History
- Legal and Governmental Services
- Political Science
- Psychology
- Recreation
- Social Work
- Sociology

Preprofessional programs (preparation for professional study) are available in **Optometry, Physical Therapy, Therapeutic Recreation, Medicine, Dentistry, Veterinary Medicine, Nursing, Pharmacy, Law and Engineering.**

# The School of Music

The School of Music at Pacific University is fully accredited by the National Association of Schools of Music, one of only 381 of the more than 1000 U.S. music schools to receive this designation. The School of Music offers a well-balanced curriculum designed to meet the academic and performing needs of its students.

Five degree programs are offered:

- **Bachelor of Music in Music Education** — prepares the student to teach outside the State of Oregon
- **Bachelor of Music Education (Elementary)** — certifies the student to teach in the state of Oregon on the elementary level
- **Bachelor of Music Education (Secondary)** — certifies the student to teach in Oregon public schools on both the elementary and secondary levels.
- **Bachelor of Music in Performance** — preparation for a professional career as a performer, with concentration on solo and ensemble work, and particular emphasis on applied music.
- **Bachelor of Music in Music Theory** — preparation for entering graduate school; emphasis on analysis and research in theory

and music history.

Students who wish to specialize in music but also want a liberal arts education may choose to earn a Bachelor of Arts degree with a major in music from the College of Arts and Sciences. This program provides the student with a broad musical preparation of a non-professional nature.

Membership in performing music ensembles is open to all students at the University. Ensembles include the Pacific University Band, the Pacific Community Orchestra, the University Jazz Workshop, University Chamber Singers, the Singing Collegians, and several chamber music groups.

Each spring the School of Music traditionally produces an opera or musical comedy in conjunction with the Theatre Department. In addition, singers and instrumentalists from the University have opportunities to participate with Theatre in the Grove, an active community theatre group.

For research and analysis projects students can take advantage of the music library of records and scores, as well as a substantial collection of music-related books in the University library.

# The College of Optometry

The Pacific University College of Optometry is one of 13 professional schools in the country granting the Doctor of Optometry degree. Excellent on-campus and clinical facilities and a dedicated faculty of national distinction have produced a program of high professional quality.

The Doctor of Optometry (O.D.) degree requires a minimum of six years of college: at least two years in preprofessional studies followed by four years in the professional program. In addition, Doctor of Optometry degree candidates must concurrently be earning — or previously have earned — a bachelor's degree in any subject.

While there are advantages to completing the preoptometry require-

ments at Pacific University, such completion does not guarantee subsequent admission to the professional program. Admission to the professional program is highly competitive. Candidates must submit their applications prior to January 1.

Two additional degree programs at the graduate level are offered by the College of Optometry:

Master of Science in Physiological Optics

Master of Science in Clinical Optometry

Specific information regarding admission to the preoptometry or the professional optometry program can be secured through the Admissions Office.

# Faculty

Faculty members at Pacific University are selected for both their academic excellence and their ability to work closely with students. The low student-faculty ratio (see Fact Sheet on last page for the exact ratio in each college) allows for small classes and individual attention.

Each student is assigned a faculty member as an academic advisor. The advisor helps the student plan the degree program, select a course

schedule, and make post-graduate plans.

Faculty-student interaction at Pacific thrives beyond the classroom. Students find that some of the most stimulating discussions and enjoyable gatherings center around their informal conversations with faculty members in the University Center, in faculty homes, and during occasional weekend trips.

# 7-7-3 Calendar

The academic calendar at Pacific University was designed to provide a more personalized, intense, and flexible learning experience. This system allows both students and faculty to concentrate on fewer courses at a time.

The semesters at Pacific are each composed of three terms: two 7-week terms and one 3-week term.

During the 7-week terms most stu-

dents take two academic courses and one or two "activity" courses (such as a science lab or music ensemble). During the 3-week terms a student takes one academic course.

At colleges with traditional semester calendars a student usually takes four or five academic courses at the same time, which creates several cross-pressures on the student's

study time. At Pacific, the student usually takes only two academic courses at a time and can therefore focus more attention on those courses.

Students find that the concentrated study demanded by the 7-7-3 calendar requires them to develop strong study habits and to budget their study time wisely.

FALL SEMESTER 7-7-3	SPRING SEMESTER 7-7-(3)*
	*The Spring 3-Week Term is optional.
<b>First 7 weeks</b> <i>August 31-October 20</i> <b>Second 7 weeks</b> <i>October 26-December 19</i> <b>First 3 weeks</b> <i>January 3-January 25</i>	<b>Third 7 weeks</b> <i>January 30-March 22</i> <b>Fourth 7 weeks</b> <i>April 2-May 22</i> <b>Second 3 weeks</b> <i>May 28-June 15</i>

# Career Internships

Career internships at Pacific place interested junior and senior students off campus in work environments related to their academic major and their career plans. The student can observe and participate with professionals in their day-to-day work, in a period ranging from seven weeks to a full academic year, depending on the nature of the placement.

The internships are designed by the student and the faculty advisor, who jointly prepare a Learning Contract that specifies the goals and evaluation criteria for the educational experience. Students receive full academic credit for the internship, and

they occasionally receive some payment from the employer.

Here is where some of the student interns were placed last year:

- Officer of Governor Robert Straub, Salem, Oregon
- A community services counseling center, Hilo, Hawaii
- The Work Shop, studio of artist/printmaker Birgit Skiold, London, England
- KYTE Radio Station, Portland
- The Pre-School Laboratory, University of Connecticut
- University of Oregon Medical School
- Electro Scientific Industries, Port-

land

- Offices of Congressman Les AuCoin, Portland and Washington, D.C.
- Washington County Juvenile Department
- Offices of Admissions and Publications, Pacific University
- Toran and Raddich Law Office, Portland
- Theatre in the Grove, Forest Grove
- Martino Design Studio, Portland
- Other off-campus educational opportunities include overseas study and independent research in a specialized area.

# Student Life

## Activities

The University offers plenty of campus activities. In addition to the many organized groups and social events, there are abundant opportunities for informal leisure activities.

Student groups include residence hall organizations, athletic clubs, music ensembles, student publications (such as the yearbook, newspaper, and literary magazine), student government and committees, and local fraternities and sororities. Some of the student interest groups are Forensics Club, Rally Squad, Concerned Black Students, Optometry Fraternity, Christian Fellowship, Hawaiian Club, Oregon Student Public Interest Research Group (OSPRIG), Science Club, P.E. Majors Club, Concerned Women, International Student Club, Psychology Majors Club, Young Democrats, and Young Republicans.

The University Center (Washburne Hall) houses the Campus Activity Office, Commons (dining hall), Snack Bar, Bookstore, radio station, fireside

lounge, game and television room, and campus organization offices. The University Activities Director helps the student Cultural Committee plan films, dances, concerts, special festivals, and trips.

Annual campus celebrations include Homecoming, Parents' Weekend, Christmas Wassail Party, Black Culture Week, and the Hawaiian Luau.

The Oregon region is noted for its wealth of recreational opportunities for skiing, camping, back-packing, hiking, bicycling, canoeing, fishing, hunting, and beachcombing. Students frequently enjoy hiking or picnicking in the beautiful University arboretum, which is 12 miles from campus. Hagg Lake, 15 minutes from campus, provides opportunities for boating, water-skiing, fishing, and picnicking.

The city of Portland offers students more extensive cultural activities, entertainment, restaurants, shopping, sports events, and parks.

# Athletics

Pacific offers eleven intercollegiate sports for men and seven for women. Men's sports are football, baseball, basketball, track, wrestling, cross country, soccer, tennis, golf, bowling, and swimming. Women's sports are basketball, track, swimming, softball, bowling, tennis, and volleyball. Handball, fencing, and women's

soccer have been developed as club sports.

While competition is keen and Pacific wins its share of championships, the emphasis in intercollegiate sports is on enjoyment and participation.

Additionally, many students take advantage of the extensive offerings in the intramural program.

# Participatory Governance

Students who attend Pacific have frequently expressed their surprise at how great a role students play in helping determine university policy. Under the Participatory Governance system students, faculty, administrators, alumni, trustees, and staff employees form a partnership in all matters of campus concern — management, curriculum design, budgeting, personnel policies, and discipline. This system permits student representatives to participate on all levels of the University decision-making, even giving them full voting membership on the Board of Trustees.

# Campus Housing

The Pacific residence program seeks to foster friendship and understanding among a student body that is diverse racially, socio-economically, and geographically. Pacific is a residential rather than a commuter school, and dormitory life is considered an important part of the college experience. Therefore all freshman and sophomore students under age 21 live on campus in University residence halls. Exception is made for students who are married or living with their parents.

There are three residence halls, each of which has its own lounge area and laundry facilities. Walter Hall houses women on the first two floors and men on the third, Clarke Hall is coeducational, and McCormick Hall is for men only. All new students are assigned to double rooms; single rooms often become available during the school year.

The residence halls are divided into smaller living units called wings. In some of the wings, traditional University policies govern the social life, while in other wings students establish their own social policies, within state law. Students themselves decide where they want to live and under which of the policy options.

Many social activities revolve around the dorms. Residence halls sponsor activities such as concerts,

guest speakers, popcorn parties, football games, a frisbee golf tournament, weekend trips, men vs. women football games, and special dinners. In addition, the Inter-Dorm Council plans schoolwide events such as a Photography Contest, Bowling Tournament, Pumpkin Carving Contest, and the Absurd Olympic Games (complete with shopping cart races, a shoe kick, and a watermelon seed-spitting contest).

Meals are served in the Commons, located in the University Center. Resident students select either a 19-meal or 14-meal plan, depending on how many meals they wish to eat on campus each week.

# Admissions

Pacific University is selective in its admission of students. It seeks to enroll students who can both benefit from and contribute to the academic community.

## Freshmen

The average academic grade point of the 1977 freshman class was 3.18; the G.P.A. of most entering freshmen ranges from 4.0 to 2.6. Nearly all admitted students are ranked in the upper-half of their high school class and have strong supporting recommendations.

In selecting students, the primary consideration is the student's aca-

demically prepared and potential for successful study at the college level. The University evaluation criteria include the transcript of academic work, counselor recommendation, test scores, an optional student interview, and other information about the student that might be significant. The University seeks students who have completed a strong college preparatory program. Only grades earned in years 10, 11, and 12 in college preparatory subjects are considered.

## Transfer Students

To be considered for admission ap-

plicants must have at least a 2.0 grade point average for all college-level work undertaken and appear likely to profit by completing their education at Pacific. Strength of the academic program is given strong consideration.

Transfer students will receive full credit for liberal arts courses equivalent to Pacific courses completed with a grade of C or higher.

To convert credits earned at an institution on a quarter or term calendar to semester credits, use the following formula:

$$\frac{\text{quarter (term) credits}}{1.5} = \text{semester credits.}$$

# Application Procedures

## All Applicants

**Please note that application forms are located in the back of the Viewbook.**

1. Forward the completed 4-page application form (both sides of two sheets), the \$15 application fee, and the activity card to the Admissions Office.
2. Submit the recommendation form to counselor or academic advisor.
3. Request official transcripts for

all academic work completed. Transfer applicants who have completed the equivalent of one year or more of college level work need not submit a secondary school transcript.

4. Applicants are strongly encouraged to submit SAT or ACT scores. The Admissions Office reserves the right to require SAT or ACT scores prior to making an admissions decision when further academic information is necessary. Male

freshman applicants who plan to participate in intercollegiate athletics should be aware that the SAT is used in certain cases to determine athletic eligibility.

Students are encouraged to arrange an interview with a member of the Admissions staff. (See Campus Visit information on page 22).

## Professional Optometry and Physical Therapy Applicants

Applicants to these professional programs should contact the Office of Admissions for application procedures. The application deadline for applicants to the College of Optometry is January 1. Applicants to the professional physical therapy program must complete their application by January 15.

## School of Music Applicants

In addition to submitting the regular application, applicants to the School of Music are required to audition for the Music faculty either in person or by tape. Further details can be obtained from the Dean of the School of Music.

## International Student Applicants

International students are encouraged to apply to Pacific University. Each international student must complete a Preliminary Application and Statement of Financial Resources Form before receiving formal application materials. The Preliminary Application requires information on academic background, English proficiency, financial resources, and other pertinent areas. If, after reviewing the completed Preliminary Application, the Admissions Committee

considers it appropriate to encourage the student, the student will be sent additional application materials and instructions.

International applicants should note that strong English skills are required. Evaluation is based on the Test of English as a Foreign Language (TOEFL).

Pacific University is unable to offer financial assistance to international students. Verification of adequate financial resources is required.

## Rolling Admissions

Pacific University considers applications as they are completed, beginning November 1 of each year and continuing throughout the school year. Interested students are encouraged to apply early.

## Presidential Honors at Entrance

Pacific University wishes to recognize applicants who have achieved academic excellence. Therefore, those freshman applicants with exceptional academic records who represent the top 10 percent of the new students will receive the distinction of Presidential Honors at Entrance. This award becomes part of the student's permanent record at Pacific University and includes an award of \$100. Students need not apply for this recognition.

## Orientation

Each fall the new students are invited to the Pacific campus a few days in advance of registration and the beginning of classes. At this time, the new students have an opportunity to become better acquainted with Pacific, the Forest Grove community, and their fellow students and to receive faculty advising toward their expressed area of interest.

# Costs and Financial Aid

Pacific University maintains high educational standards at the lowest possible expense. An extensive financial aid program assists qualified students in meeting University costs.

Costs for the 1978-79 academic year are as follows:

Tuition . . . . .	\$3,300
Fees . . . . .	130
Room and Board . . . . .	1,465
(double room and 19 meal plan)	
General Deposit (refundable) . .	50
Estimated personal . . . . .	.450
Estimated Books . . . . .	.180
<b>TOTAL (estimated)</b>	<b>\$5,575</b>

There are additional charges for professional optometry students and those who take private music lessons.

The University attempts to meet the financial need of admitted students through a combination of scholarships, loans, and work opportunities. The only document needed to apply for financial aid is the Financial Aid Form (FAF) from the College Scholarship Service. Aid is awarded based on financial need, as determined by a standard analysis of the FAF by the College Scholarship Service.

The Pacific University Financial Aid Office administers \$1.6 million in financial aid funds annually. Approx-

mately 55% of the enrolled students receive aid and the average award is \$2,500.

Freshman applicants with a grade point average of at least 2.75 (on a four-point scale) and a strong supporting recommendation will have their financial need met (as shown on the FAF) if their applications and FAF's have been received by March 1. This same policy applies to transfer applicants with a 2.5 cumulative college grade point average and a strong supporting recommendation. Students who do not fall in the above categories will be consid-

ered for aid as funds are available.

All applicants for financial aid are expected to apply for the Federal Basic Educational Opportunity Grant (BEOG) program. Oregon high school applicants are also urged to apply for assistance through the Oregon State Scholarship Commission. School counselors have further information on these programs.

Some types of financial aid do not apply to applicants to the professional program in Optometry. For further information on financial aid write to the Pacific University Financial Aid Office.

# Campus Visits

We urge you to take a close look at Pacific University before making your final college choice. A visit to the campus is the best way to learn about us.

Arrangements can be made for you to attend classes, meet with students and faculty, talk with an admissions counselor, and spend an evening in one of our residence halls.

We have listed below some general information which we hope will assist you in making your plans to visit Pacific.

**Admissions Office**  
**Pacific University**  
**Forest Grove, Oregon 97116**  
**(503) 357-6151**

## Office Hours

The Admissions Office (pictured below) is located just inside the front entrance of Marsh Hall, the large old brick building in the center of the campus.

The best time to visit is on a weekday so that you will have an opportunity to visit classes and meet with faculty. The Admissions Office is open from 8:30 a.m. to 4:30 p.m. Monday through Friday. We do advise you to avoid visiting during University holidays which we have listed below for your convenience.

Sept. 29

Oct. 18-25

Nov. 22-26

Dec. 18-Jan. 2

Jan. 24-29

Mar. 20-April 1

Classes begin August 31, 1978 and end May 18, 1979.

During the summer the Admissions Office remains open and visitors are welcome, though their opportunities to attend classes and visit with students and faculty are limited.

## Campus Tours

Student-led campus tours are conducted weekdays at 11:00 a.m. and 1:00 p.m. when classes are in session. Tours begin at the Admissions Office and arrangements should be made in advance. Group tours are available also upon request.

## Transportation

Pacific University is located in the small community of Forest Grove, which is approximately 25 miles west of Portland, Oregon's major metropolitan center. Portland is serviced by all major lines of transportation. If you desire transportation from Portland to Forest Grove, we can arrange to provide transportation from the airport, bus terminal, or train depot. Please contact the Admissions Office in advance regarding your expected date and time of arrival.

The Tri-Met Bus (#57) also provides service from downtown Portland to Forest Grove on a regular basis. The bus line is easily accessible from the airport, train depot, and bus terminal and stops at the Pacific campus.

If you are driving to the campus, the map below will help you. It is wise to allow a minimum of 45 minutes for the drive from Portland to Forest Grove. Visitor parking is available in the large parking lot off Cedar Street near the campus tennis courts.

## Overnight Accommodations

You are encouraged to spend an evening as our guest on campus in a residence hall. Bedding and towels are provided. Parents can also often be accommodated, if arrangements are made far enough in advance.

Motel accommodations in the area are limited. The following motels are in the general vicinity:

### Holiday Motel

Forest Grove . . . . . 357-7411  
 \$13.15 single/17.25 double

### Dunes Motel

Hillsboro. . . . . 648-8991  
 \$17.85 single/22.05 double

### The Town House Motel & Apts.

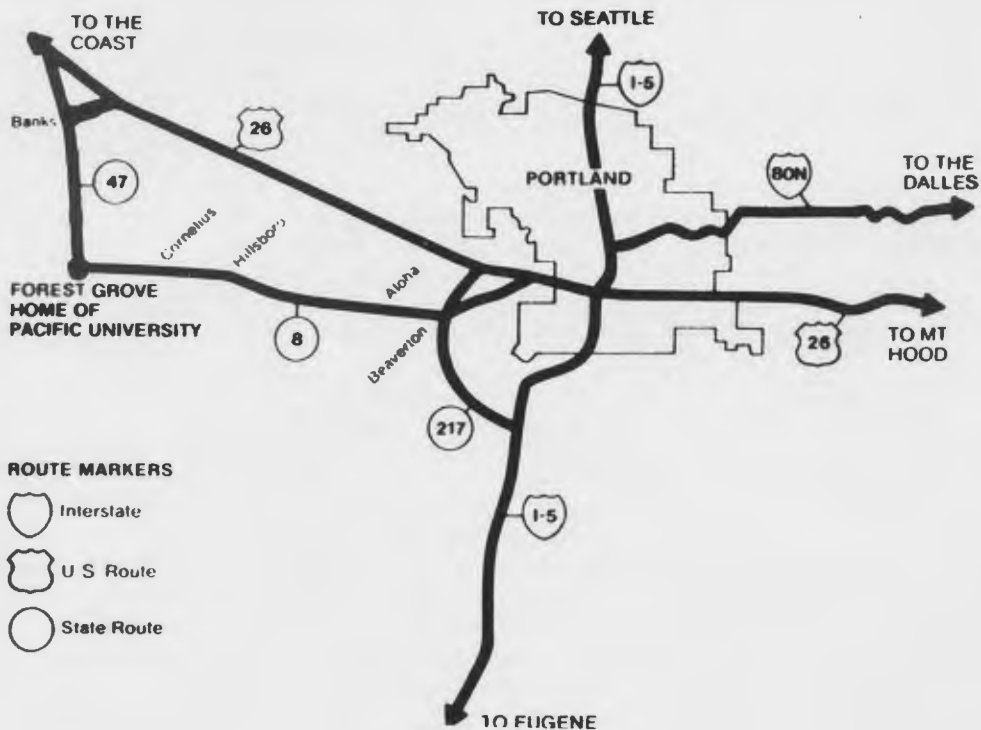

Hillsboro. . . . . 648-3168  
 \$15.25 single/19.45 double

### The Greenwood Inn

Beaverton. . . . . 643-7444  
 \$26.25 single/32.25 double

### TO MAKE AN APPOINTMENT

When your plans are definite, please return the reply card on the back cover and arrangements will be made accordingly. Be sure to note on the card any special requests you have regarding your visit. You also may make an appointment by calling the Admissions Office at (503) 357-6151. Please remember that the more advanced notice you give us of your visit, the better we will be able to host you.

# Application Packet

The following pages consist of the forms that are to be completed by applicants to the College of Arts and Sciences and School of Music. These forms include:

- 1) formal application (2 sheets)
- 2) recommendation form
- 3) activities cards (optional)

## Application Procedure

Please follow these instructions carefully in completing each form.

- 1) Complete the Pacific University application form. Please note that the application is 4 pages (both sides of two sheets) and that both sheets should be returned to the Admissions Office.
- 2) An application fee of \$15.00 must accompany the completed application. This fee is to cover part of the cost of processing the application and is not refundable.
- 3) Have the recommendation form completed by your counselor or academic advisor. This form should be mailed directly to the Admissions Office by the person who completes it.
- 4) Complete activities cards and return (optional).
- 5) Request official transcripts of all academic work you have completed to be sent directly from each school attended to the Admissions Office. Transfer applicants who have completed the equivalent of one year or more of college level work need not submit a secondary school transcript.
- 6) Applicants are strongly encouraged to submit SAT or ACT scores. The Admissions Office reserves the right to require SAT or ACT scores prior to making an admissions decision when further academic information is necessary. Male freshman applicants who plan to participate in intercollegiate athletics should be aware that the SAT is used in certain cases to determine athletic eligibility.

PACIFIC UNIVERSITY  
Forest Grove, Oregon  
Applicant Recommendation Form

Applicant's Name \_\_\_\_\_  
Last First Middle

SECONDARY SCHOOL APPLICANTS: Have this form completed by your counselor or college advisor. TRANSFER APPLICANTS: Have this form completed by your college advisor, counselor or dean of students. IF YOU ARE NOT CURRENTLY ATTENDING SCHOOL: Have this form completed by one of the above at the most recent school attended. If you have been out of school for some time, this form should be completed by your present employer, commanding officer, or some other person who has supervised you.

EVALUATOR: We would appreciate your careful and candid evaluation of the above named applicant for admission to Pacific University. Please return the completed form directly to the Admissions Office, Pacific University, Forest Grove, Oregon 97116.

PLEASE NOTE: The U.S. Family Education Rights and Privacy Act of 1974 (Buckley Bill) requires that permanent files be open to students who attend a College or University. This provision does not include applicants who are unsuccessful in qualifying for admission. To comply with the Family Education Rights and Privacy Act and to insure a candid response from references, the Office of Admissions will destroy the completed recommendations of all successful applicants prior to the student entering Pacific University. Recommendations are used by the Admissions Committee for evaluation purposes only. Your comments will not reach the applicant or become part of any permanent record.
