Dear Vic:

I appreciated your spending all that time during my visit to Portland. It was a good upbeat day.

I've asked my office to check on your Syrian trip and also on the minority bank matter. I'll mention the timber problem to the appropriate people at the White House.

Many, many thanks,

Warm regards,

Dear Ms Page:

Thanks so much for your letter of January 22, 1982.

In order to coordinate my participation in political events with the President's schedule, we have turned to Ed Rollins and his White House office.

Ed, as you know, has taken Lyn Nofziger's place as Assistant to the President for Political Affairs. He will be consulting with the Republican National Committee, the Senate and House Campaign Committees, and other political groups to help prioritize events for me, and of course, for the President and Cabinet.

Last year I did a lot of travel for Party events. This year will mainly be the year of the candidate as far as my own schedule goes.

I have referred your request to Ed Rollins. He has the unenviable role of sorting out the priorities for the 1982 elections, and you will be hearing directly from his office and my staff as decisions are made.

With best wishes,

Sincerely,

George Bush

Dear Governor Atiyeh:

The White House Workshop that you attended just prior to the National Governors' Association meeting in February provided a great opportunity for dialogue. I hope you enjoyed the sessions as much as the Administration's participants did.

I am enclosing, at the Vice President's request, a photograph of Mrs. Atiyeh, and one of you, taken at his Residence when he hosted the luncheon following the White House workshop. The Vice President told me that he greatly appreciated the chance to be with you and hopes that you will enjoy having the pictures as a memento.

Thank you for your continued interest. If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Andrew H. Card, Jr.
