Governor —

Thank you for all the "neat" things from the Orient. They are mementoes I'll keep all of my life, as will I always remember the experience of working for you — the Governor of this great State we live in.

I especially appreciated your nice note. Your words mean so much to me.

To be able to make your life a little easier is so important to me. You are a person whom I will always be able to say — he always was a man of utmost integrity, honesty & fairness.

What more could one ask for — — —

Just thanks! You are appreciated & Thanks for all the wonderful opportunities.

Guy

Thank God

you are back,
Boss.

Gratefully,
Gerry
