Dear Brother

I guess Maria will not go down this week. We can send Clara down by Father's team. Can't you come up with Father tomorrow. If you get this in time, I want you to come if possible, as I want you to help me about singing with the Sabbath School scholars and also we can talk over matters and bravely determine &c. Mr Danna is very anxious to have a stand & keg I believe, at Elce Zachary's brought up, but I don't suppose Father could bring them handy. The school question is still open for discussion. Gen Palmer favors long. The other two don't. Good Bye

Your brother
