Dear Sir:

Please accept my heartfelt appreciation for the extraordinary display of support from the State of Oregon towards our Nihonga Exhibition at Marshall House.

Thank you for taking time out of your busy schedule to attend the opening of the exhibiton. We were very impressed by your warm address and believe that this small cultural contribution of ours can be instrumental in some way in promoting mutual understanding between the U.S. and Japan.

We hope our exhibiton is just the beginning of many year of cultural exchange between our two countries and we look forward to more programs of this nature in the future.

Yours sincerely,

Koichi Tsukamoto
