Dear President Yasukawa,

It was very unfortunate for me that your visit to Oregon came at the same time that I was ill. I was personally very disappointed to miss our lunch together and might have tried to come except for my concern that I could pass on my cold to someone else.

I had a very good visit and lunch with Mr. Ichikawa, Mr. Morimoto and Mr. Baba while in Tokyo. I am most pleased to have had your assistance in this matter while you were out of Japan.

It is with anticipation that I look forward to our next opportunity to meet. In the meantime, my best to you.

Sincerely,
