Washington County Community Action
546 S.E. Baseline
Hillsboro, Or. 97123

Dear Mr. Molitor:

As you may recall, after your address to the Public Affairs Forum on Jan. 22, 1978, I requested a copy of the letter you told the Forum you had received from the agency's attorney stating that your agency could not ask whether an applicant was an illegal alien.

As this is written, I have not received a copy of that letter.

Accordingly, pursuant to the Oregon Public Records Law, ORS 192.410 to 192.500, and at my expense, please consider this letter a demand that your agency provide me with a copy of the letter you reportedly received from your agency's attorney stating in effect that your agency could not inquire whether an applicant for assistance was an illegal or "undocumented" alien.

Thank you for your courtesies in this matter.

Very truly yours,

Henry Kane
