

Kellogg Jasper Co. Iowa Jan. 13/25

My dear br. "Horia"

Gillie wrote me  
a few weeks since from Washington  
Territory, saying that he found you there  
quite sick with fever and directing  
me to send the money on Rich's  
note to Forest Grove.

There was some delay in obtaining  
the money from Culbertson and  
I found after the money came that  
there was a mistake and there  
was some \$12.00 less than there

Should be. I wrote immediately  
to correct the mistake and have  
written again but as yet have not  
received the rest of the money  
which is due. There is lacking  
the interest of one year \$75-  
with the interest on that for two  
years and this would make  
interest - - - - - \$9.34

Interest on interest 2 yrs.  $\frac{1.868}{+8.68}$   
amount - - - - - \$11.21

\$11.21 is still behind, I  
hope to receive it soon,

In the mean time I send  
\$100.00 enclosed by draft on  
N.Y. as I thought you might  
be in immediate need of it.

The account is as follows - viz.

Rec'd of John Dick's Jr.

W. L. Lubbertson	\$113.84
Fee for Recording Power of Attorney	1.00
collecting	1.00
Postage & exchange	.45
Draft	\$100.00
	<u>\$102.45</u>
In my hands	\$11.39
Still due but not received	<u>11.21</u>
Amount	\$22.60

I regret very much your sickness  
and hope you are well or nearly well  
by this time. I am glad you  
your children ministering to your  
wants. I am not in judgment what  
your labor in W. I. is or <sup>whether it</sup> was <sup>rather</sup>  
preaching or teaching. You will  
have to make your labor if possible

in accordance with your own strength  
and not overtax your ability either  
physically or mentally. I shall be  
anxious to learn of your health as  
soon as possible. Is Willie en-  
gaged this year in the Pacific  
University and if so in what  
capacity? We have had very  
severe weather since St. John's day.  
though it is now more mild.  
Jan. 2 the mercury was  $-25^{\circ}$   
at sunrise  $-13$  The warmest  
part of the day 2<sup>nd</sup>  $-25^{\circ}$  at  
sunrise and  $-23^{\circ}$  on the 4<sup>th</sup>  
and  $-17^{\circ}$  on the 5<sup>th</sup>  
Our love to all your family,  
Yours dear ly  
A. Lyman
