Mr C. W. Walker

Dayton

Dear Sirs

Your came

to hand. In reply we discounted the  $\frac{1}{2}$  and took  
the note in order to get our money. And would  
be glad to have it when the note becomes due.  
If however it should ~~run~~ you are not able to  
raise it by that time and it runs over a short  
time we will not put you at any expense on it.  
We do not wish to push it, and will not do so for  
a short time. You do not state how much  
time you want. And in fact it would be difficult  
for us to say how long we would wait as it depends  
very much on Circumstances. We will however notify  
you or your father before making any additional expense  
on it. But will not agree to wait any given length of time.  
But hope you will be able to raise the money and pay it  
when due or in a short time afterward - Truly Yours Sawney Sawin
