Dear Governor Atiyeh:

I hope that you found your visit to Japan as part of the NGA delegation an interesting and educational experience. The LDP was most pleased to see the formal beginning of an exchange program with the NGA, and we all very much appreciate your help in making the program a reality. We have prepared the enclosed photo album as a souvenir of the trip, and hope that it will stir some pleasant memories for both you and Mrs. Atiyeh.

We are very much looking forward to closer ties between the NGA and the LDP, and are confident that a continuing dialogue will benefit both our nations.

Sincerely yours,

Yoshiro Hayashi
