Dear Organizational Leader,

It has been a pleasure to serve as a Washington County legislator again this session. I'm writing to you regarding an opportunity to speak with your organization after the 1997 Legislative Session. This would be a good opportunity to provide legislative information of interest to your group.

Please contact my office staff prior to the end of session to schedule a time or leave a message on my interim voice mail to express your interest.

Again, thank you for the opportunity to serve and for your consideration to speak to your organization.

Sincerely,

Ken Strobeck
