"ZIEGFIELD GIRL" A glorious spectacle which has long been awaited has reached the Brondway theatre's sereen, and is thrilling audi-ences with so lavish a produc-tion as "Ziegfield Girl" is. The sequel to "The Great Zieg-field" beats a new time high for glorified production and also for a record breaking cast —Hedy Lamarr, Lana Turner, Judy Garland, and Jimmie Stevart, supported by Tony Martin, Ian Hunter, Charles Winniger, and Edward Everret Horton. The spectacular scenes in "Ziegfield Girl" will take your breath away, for the sets are something you might have With the publication of this issue with the publication of this issue of this paper, the present staff will retire. "Washingtonian" This has been the first term we have published a weekly paper successfully. This never could have been done if it had not been for the untiring ef-forts of the business staff, under Jim Miller as manager and Mr Robert Main as financial adviser To Miss Elizabeth Tilleon who as kirdly gover part aft. In "Ziegfield Girl" will take your breath away, for the sets are something you might have seen in a dream. There are scores of beautiful girls, Zieg-field Girls, and they wear gowns and costumes created by the finest of artistic hands, those of Adrian. The singing and dancing numbers are put over with a bang by Judy Gar-land, and Tony Martin, but you will be most impressed by the beauty of the entire follies that wore so great in the days of Plogenee Ziegfield. The picture is not completely extravagance for there is a thrilling story entangled amid beauty and glamour. It is a story of how success treated three "Ziegfield Girls". One gets success and all that goes with it; she forgets the boy she loves for furs and jewels, but her tragic end is pathetic. Another finds that a career can not take the place of a hushand and home, so she gladly gives up her glory be-fore it is too late to get what she really wants. The young-ster of Ziegfield's girls get suc-cess and happiness the hard way, by working, but her life has just begun and she finds success and happiness botn on the famous Ziegfield stairs. as financial adviser To Miss Elizabeth Tillson, who so kin^dly gave many aft-ernoons for copy reading and editing, goes the staffs' thanks and apprecia-tion

As editor, I personally wish to thank our advisors and each member of my staff who has so lovally done his work all term long and cooperated in every way possible. I wish to the editor and his staff next term a lot of success in publishing their paper

Our Part in the Wars . . .

America has a part in the wars of the world. Happily for us, it has been the most agreeable, the most beauti-ful part; to Americans has fallen the ful part; to Americans has ration the task of feeding, clothing, and healing the wars' victims. At present, the In-ternational and Tri-Y clubs are putting the needs of Shanghai, the city of ref-ugees, before the students of Washington.

According to the leaflet published by some of Portland's charitable organi-zations, there are over 120,000 Euro-pean and Chinese refugees in the city of Shanghai. It tells a tragic story of has just begun and she finds success and happiness both on the famous Ziegfield stairs. There is much more to the story than just the brief outline, but too much description might tend to spoil the picture. The surprise of the picture is lovely Lana Turner's bril-liant dramatic performance. You will see some fine acting if you can get your eyes off the gorgeousness, beauty, an d glamour of "Ziegfeld Girl." penniless war victims, camps or refu-gees living on starvation diets, hungry children, undernourished parents, and

This gives us some evidence to the fact that the boys cause the most disturbance in the general assemblica

most disturbance in the general mass disturbance in the general assemblies. " Well, soon you will be choos-ing new officers for the next term. This is one difficult task —that of choosing students who will competently fill their offices. Choose them for their cooperation and willingness to work, not just the ones who happen to be your best friends. There are many wonderful girls up for offices of Girls' League this term and I'm sare that every one of them would do their work exceptionally well. Its up to you to choose the best of them.

This and many more remarks were made about the track meet that initiated the Franklin bowl last Friday; the day Washington, although extremely handlcapped by the injuries of three varsity men, came through with flying colors. It was asid in the eity paper that Grant placed more men. To begin with Mr. Nicholson said he thought our chance for they were low, Washington To begin with Mr. Nicholson said he thought our chance for to say we had a good chance, a very good chance, to take second place. We trust in his judgment and know he is right. The meet's stars were Moore, Kappers, P. Smith, Wright The meet's stars were Moore, Kappers, P. The cleated Mecryites of Washington High have unostentatiously very, very, quietly sneaked into undisputed second place, and for the first time in many a year we have Washington defeated Grant last Monday, winning the game of 6 to 2. Washington hashed Roose-to on the head, defeating them on Thursday afternoon to the tune of 7 to 1 at Roose-to the tune of 7 to 1 at Roose-the standing the tune of 7 to 1 at Roose-to the tune of 7 to 1 at Roose-tune of 7 to 1 at Rooseplace, and for the first time in many a year we have something to cheer for. One thing, however, that is surprising is that we are not cheering. As coach Exlay would say, "You all are sitting in the golden chair." It is hard to understand why you do not support this team. You really have something to yell for, for they are really good; they are even considered by most people the best.

It is your team; they are fighting for you; they are on top of the league with chances of being first. See them play every chance you get.

Posies to Ed Eterno, who has won four out of five games pitched with one of those wins being a rare no hit-no run game. Also to Marvin Scott and Sherman Clark for their slugging.

By the way, it is a known fact that Washington has the most powerful ball hitting club in the Portland Inter-scholastic league. One of the many good reasons they are Hays .. Wheeler Kemi on top. cott W

Now, while we are dishing out posies, we think it is time to wake up the school to the fact that we have a real good coach in Gerald Exley. He first came to try to put the football team on top. Although he wasn tsucto put the football team on top. Although he wasn'tsuc-cessful as shown by the records, he gave something to the team as a whole that was worth more than any win-ner's trophy. He gave the team, and Washington, spirit winning, driving, never-say-die spirit, a spirit that Wash-ington has needed for years and years. Then he took up the junior basketball team. He was more successful on both counts, the records and the team. Finally comes the baseball team. I really don't have to say anything about that. Too much has been said before. Another you must admit, no matter how hard you may try to put it down, you are getting something that looks like spirit. Don't shy away from it, it won't bite you. Grab a hold of it, and say—I go to Washingtoni and I dare any man to fight who contests the fact that my school isn't the best in the world. Do it, it will give you a feeling you have never felt before in your life; and you'll love it. -W-

Because of the heavy rainfall last week many games were postponed so now all of the schools in the league are playing a heavy big league schedule, a game a day. This will be very hard on the boys and they can use all the support you can give them. Come out to as many games as you can and to make it easier, the majority of them will be played at Buckman field.

Table Tennis Tourney Lopping forehands, vicious chops, and sweeping back-hands rolled up point after point and game on game, as the Washington High School Table Tennis Tournament draws to a thrilla-minute end. Howard Wease stormed through the first ladder to stand as one of the two players to battle for the winner's vic-tory cup. In the second bracket, Walt Probert has had things pretty much his own way so far, but several men still block his path to the other spot for finals crown. Al Oyama and Bob Smith are two of the out-standing boys who will endeav-on to upset the dope can and land in the final ring with Wease. A cup will also be awarded to the runner-up in this term's battle.
