Dear Brother Brewer,

Recently I came across the enclosed book which I am certain was my father's when he became a Mason. Although there is no written indication of ownership in this artifact from my own knowledge it did belong to him.

Dad's name was George E. Atiyeh. I am not aware when he joined the Masonic order or to which lodge he belonged but believe this is worthy of preservation and I am certain my lodge will safely see to that in the years to come.

The September "Trestleboard" indicated a real possibility of merging with another lodge. If that should occur I trust you to pass this little book on.

I thank you for all your good work that has led you to becoming our Worshipful Master. I send my very best wishes to you.

Fraternally,
