Dear Dolores and Vic:

We had been very much looking forward to our evening with you, and were so glad that everything worked out as well as it did; schedules being what they are.

It was so delightful to spend time with you two. Antoinette joins me in a fond thank you, and in our best wishes and prayers as you dwell securely in God's country.

All the best to you.

Sincerely,

Dear Victor:

Thanks so much for including me in the opening ceremonies for Oregon's 63rd Legislative Assembly. Your address to the assembly demonstrated once again the courage of your leadership in the often very difficult role of Oregon's chief executive officer.

May God guide you in wisdom for the many, many decisions which will be forthcoming in the months ahead.

My best wishes to Dolores and you.

Sincerely,

Victor Atiyeh

I thank you for the great medal you have created. - Alton

Dear Victor:

It was with pride that I listened today to our Ambassador to Japan, Mike Mansfield, praise your efforts to open markets in Oregon for Japanese goods. Our Congressional delegation, traveling to Southeast Asia, made a refueling stop in Japan where we were briefed by the Ambassador. It was obvious from his remarks that Oregon is the exception to a pattern of neglect of the growing trade imbalance between our two countries. Ambassador Mansfield made specific reference to your work which is well deserving of such praise.

With my best wishes.

Sincerely,

To Gov. & Delegation

Thank you for a
great evening,
Mark
