Dear Jerralynn,

Thanks for the invitation to celebrate Community Action's 30th Anniversary and the dedication of your new Multi-Service Center.

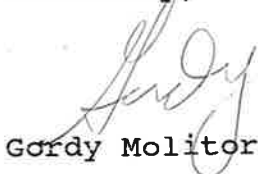

I would have loved to have been there! Unfortunately, time and distance prevented it. Know, however, that I am with you in spirit.

Congratulations to the Community Action Board and staff on 30 good years of service to Washington County. Congratulations also on the opening of your new Multi-Service Center.

I enjoyed the tour of the Center and the update on Community Action's activities that you gave me in July. I was impressed by the dynamism of the organization.

Keep up the good work!

Sincerely,

Gordy Molitor
