JAN 06 2005
Atiyeh

Dear Governor Atiyeh:

It is hard to believe that almost a year has gone so quickly. As I get older, time goes faster. I am writing to schedule a possible date for pick up or you to deliver the Lewis & Clark Exposition items for our display. I am thinking that we will want more than previously stated as I think more displays in other locked cabinets would be good. You mentioned you had enough material. Now we would like 100-150 items, if that is possible.

I never spoke to you personally about how you would like the exhibit done. Shall I come pick things up, ask you to deliver or even install items? Also, I never asked you if you had items to hang on walls. There might be Exposition signs, paintings, etc. We have a souvenir album here and I might enlarge some photographs from the exposition for our walls if there is not anything for hanging purposes in your collection.

We hope that the end of January is convenient for getting the collection to Pittock Mansion. We will have time to install the exhibit then and begin to do labels and text and start on publicity.

Thank you so much for this generous loan. I look forward to hearing from you.

Sincerely,

Lucy McLean, Curator
Pittock Mansion

FEB 18 2005
Governor Atiyeh

Dear Governor Atiyeh:

The exhibit is officially installed and is open with text about the pieces. It looks great! I am so grateful to you for agreeing to show some of the souvenirs here at Pittock Mansion. They add so much to the history of the place; the visitors and event participants enjoy their surroundings when all the cabinets are full of these fascinating artifacts.

We sent out the press release and we have updated our Web page to show the details of the exhibit so we are ready for interviews. I did mention that the press could contact us for interviews and I will let you know if that happens.

Enclosed please find a copy of the loan agreement, which you signed January 18,th with the addition of "Box #4." I also have a copy of the itemized list from that box in my records. Thank you for allowing me to borrow more for the display. I have placed the gold goblets in the music room cabinet, which augments the gold in that room. The social room cabinets contain the majority of your pieces. We will probably have an Exposition reception in June and I will let you know when that occurs.

Sincerely, *Lucy McLean*

CONDITIONS GOVERNING LOAN AGREEMENT

INCOMING

OUTGOING

Care and Preservation

Objects loaned to the Society will receive the same degree of care and preservation given to objects owned by the Society. Evidence of damage to objects at the time of receipt or while in the Society's custody will be reported immediately to the lender. No alteration, restoration or repair to objects will be undertaken without the written authorization of the lender. The lender certifies that the objects are in good condition and will withstand the ordinary strains of packing and transportation.

Care and Preservation

It is understood that all of the loaned artifacts are held in trust for the City of Portland and cannot be replaced. It is therefore guaranteed by the borrower that extreme care will be taken of artifacts while in their possession. The loaned artifacts shall not be cleaned, repaired, retouched or altered in any way without written permission from the Society. The Society must be notified immediately if any artifact on loan is damaged or stolen. In addition, artifacts belonging to the Society and lent to the borrower must not be then lent by the borrower to a third party or moved to another exhibition location without prior authorization from the Society.

Transportation and Packing

Costs of transportation and packing will be borne by the Society unless otherwise stated. The method of shipment must be agreed upon by both parties. Materials included in this loan shall be packed for shipment by an experienced and competent packer.

Transportation and Packing

Materials included in this loan shall be packed for shipment by an experienced and competent packer. The object(s) shall be repacked in the lender's care for return to the Society by the same manner of shipment unless otherwise mutually agreed upon by both parties.

Insurance

The Society will provide insurance for the loaned items under its all risk wall-to wall policy subject to the standard exclusion for a fair and reasonable amount specified on the face of this agreement while in transit and on location during the period of the loan. The lender agrees that, in the event of loss or damage, recovery shall be limited to such amount as may be paid by the insurer, hereby releasing the Society from liability for any and all claims arising out of such loss or damage.

Insurance

Insurance, packing, transportation and any other necessary charges incurred in connection with this loan will be charged to the borrower unless otherwise indicated.

Publicity and Photography

The Society will not grant permission to others to photograph or copy objects on loan for sale or distribution except as granted for publicity and public relations in the best interest of the Society. Publicity and exhibition labels will credit lenders according to the credit line on the other side.

Publicity and Photography

Permission for the reproduction of the borrowed works for publicity purposes and public relations connected with the loan may be obtained from the Society. Each borrowed artifact must be credited to the Pittock Mansion Society according to the credit line on the other side.

Return of Loans

Upon expiration of the loan, the object(s) will be released to the lender within 30 days. The lender's failure to withdraw the loan within 30 days of notice of expiration may cause the Society to discontinue insurance coverage for the loaned object (s) and may cause the loaned object (s) to be stored at the lender's risk and expense. It ownership of the object (s) changes for whatever reason during the loan period, the new owner must provide evidence of the legal transfer of title to the object (s) and a new loan agreement must be completed. In the event that the new owner fails to provide evidence of transfer of ownership of the object (s) within one year of such transfer, the object (s) will become the property of the Society.

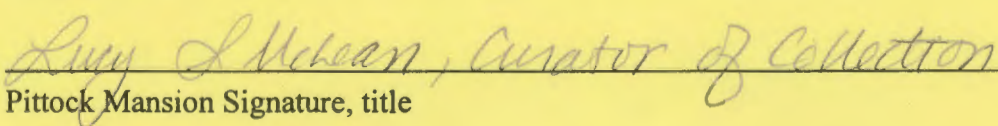

I approve this loan under the conditions stated.
