

Union Falls, Feb. 9th 1883,

Rev. G. Lyman

South Branch Washington Co. N. H.

My Darling Husband.

Since writing

before, I have rec'd. nothing from you  
I have nothing of much importance  
to say. I hope to get a letter from  
you, by the mail, this A. M. If you  
remain where you are, long enough, so  
that you will write again to me  
perhaps it would be well for you  
to direct - via Ansable Farkes, & Black  
Brook, & it may come more directly  
instead of going around by Malone.

One photograph came by the  
last mail & as you requested  
me to send you one; I will do  
so. If I knew certainly that  
you would return next week I  
would not send it - but - you sure

to think it possible that you  
might remain another week.

I think that both of us looked  
quite sober when it was taken.

We are having more snow  
it seems almost as if <sup>my</sup> "Renno's"  
"big snow storm" had come.

<sup>of</sup> Hope the roads will not be so  
bad that you will have any  
trouble getting back. We are all  
about as usual. Little Fanny has  
been at my elbow while I have been  
writing. It is time to expect the  
stage & I must close.

May our Heavenly Father have  
you in His holy care & keeping is the  
prayer of your Margaret.
