

Presentation to the City of Tigard

Community Action - Overview

Neighborshare Background:

1986-88 – Coalition of churches and community leaders formed with the belief that there was an urgent need to respond more effectively and efficiently to address local issues of poverty. Consensus was reached to form a partnership organization with Community Action to better serve the community.

November 1988 – Nearly 14 years ago, Community Action opened up Neighborshare in collaboration with the churches, civic leaders and support from the City of Tigard (\$3,000), bringing our programs and resources to the community. City of Tigard funds are used to support the costs of having a local presence.

Entitlement Comment – View it as a partnership; funding support; donation of space; volunteers
