Governor Vic Atiyeh

Dear Governor:

I'm sure you will recall our brief conversation on some of our difficulties in doing business in Korea.

Rather than try to provide you with only verbal input, I've decided to send the enclosed memo for your perusal. The memo addressed to me was written by John Schwartz who is our Far East Territory Manager. Please don't feel either John or I are being too presumptuous about what may or may not be good political strategy; we understand this is your arena. John did not know I was going to send you a copy of it. It will, never-the-less, give you a feel for our current difficulties.

You will have a message that I called to talk with you about this subject and your secretary indicated you would try and return my call Monday or Tuesday. If you feel you would like to ask some further questions, I should be in both days. If you think you have an adequate feel for the situation without calling, then don't worry about it. I know how difficult the time crunch gets when you're trying to get away.

Have a good and successful trip.

Respectfully,

Gene Davis
Vice-President/General Manager
