Dear Vic:

I just heard that you will be calling the legislature into special session later this month to seek repeal of Oregon's worldwide unitary taxation law.

Your decision to seek this action on the State level is consistent with what we learned about unitary taxation during the meetings of the Worldwide Unitary Taxation Working Group. This is an issue best dealt with on the State level, and I am delighted that you have taken this action.

With best wishes.

Sincerely,

Donald T. Regan
