

**LEAGUE OF WOMEN VOTERS®
OF OREGON**

April 9, 2009

The Honorable Victor Atiyeh
519 SW Park #208
Portland, OR 97205

Dear Governor Atiyeh,

In November 2008 and February 2009, the League of Women Voters of Oregon sent out appeals to our members and supporters, enclosing the letter that you signed along with former governors Barbara Roberts and John Kitzhaber. This letter was an endorsement of our work to facilitate citizen access to the legislative process.

Now that the returns are in, you will, I think, be gratified to learn that this was one of our most successful fund appeals. It resulted in close to \$10,000 being added to the League's treasury.

The success of our appeal is evidence of the value of your support. Your willingness to acknowledge the high esteem that government officials hold for the League's work has truly made a difference.

Thank you for offering your support to us. It was very helpful and we are most grateful.

Yours sincerely,

Marge Easley
President
