

Dear Vic -

4/13/12

Oh my gosh! I just got back home from being out of town the last week and going through the mail. What a wonderful and generous surprise for our kids in Washington County. I so appreciate you and your personal support. Both you and Dalores are so wonderful and supportive. I know this is your home country and that both of you care so much for our kids.

OVER

You, Vic, are such a wonderful person.
Your leadership is unparalleled. I
am honored to know you, work with

Thank you again for the generous donation.
